Re: Crooked Road Community Sign Project

Dear Cellell:

The Crooked Road (TCR) appreciates the annual financial support it receives from localities in Southwest Virginia. For localities providing that ongoing support, TCR is offering full size metal highway logo signs (36" tall by 30" wide) with a caption sign underneath (4" tall by 30" wide) that reads "A Crooked Road Community." An example sign is attached. The signs are for installation along primary roads entering the locality at a location determined by the locality. Suggested locations include near other community welcome signs and/or civic organization signs.

The Crooked Road will provide the locality up to two signs at no cost. The number of signs will vary depending on the number of primary roads entering the locality. The sign installation would be provided by the locality.

Please let me know if your locality is interested in participating in this community signage project. Attached is an agreement with more details regarding this project that would be executed upon notice that your locality would like to receive the signs for display.

Thanks again for your support of The Crooked Road.

Sincerely,

Jack Hinshelwood  
Executive Director

## EXAMPLE COMMUNITY SIGN

**Crooked Road Community Signage Agreement**

The Crooked Road (TCR) and \_\_\_\_\_ (Locality) agree as follows:

In consideration of the ongoing annual financial support of TCR by the Locality, TCR will provide the locality with \_\_\_\_\_ metal highway logo sign(s) (36" tall by 30" wide) with caption strip sign(s) underneath at no cost to the Locality. The caption strip sign(s) (4" tall by 30" wide) will read "A Crooked Road Community."

The Locality agrees to install the signs at a location along the primary entrance roads into the Locality.

The Locality agrees to return the sign(s) to TCR if the Locality is unable to provide annual financial support to The Crooked Road for a period of three consecutive years.
